

An aerial photograph of a mountain village, likely Mélezin, nestled in a snowy valley. The village features numerous wooden chalets with snow-covered roofs and warm interior lights glowing through the windows. The surrounding landscape is a vast, snow-covered mountain slope dotted with evergreen trees. In the foreground, a few small evergreen trees stand in the snow, and a few people can be seen walking in a cleared area. The sky is a mix of soft pinks, oranges, and purples, indicating a sunset or sunrise.
